IRRIGATION.

The 9th December 1889.

No. 442.—Notification.—In exercise of the powers conferred on him by section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to pass the following rule for the Orissa Canals:—

Beali lands in a five-year lease, if not irrigated, are to be exempted from assessment provided "Beali" is not followed by "sarad" or any other irrigated crops in the same year.

PUBLIC WORKS DEPARTMENT,—(MARINE.)

The 22nd December 1889.

No. 204.—Notification.—In exercise of the powers conferred upon him by section 36, clause (2) of Act X of 1889 (The Indian Ports Act), the Lieutenant-Governor is pleased to prescribe the following forms as those in which the accounts of the Chittagong Port Fond are to be kept.

Position, lat. $15^{\circ} 0' S.$, long. $145^{\circ} 30' E.$

Also the following information concerning g reef and Sand Bank, lying respectively about $5\frac{1}{2}$ and 7 miles eastward of Two isles :—

g reef, as heretofore charted, does not exist.

Sand bank, now named g reef, is 4 cables in length in an east and west direction, with a width of $2\frac{1}{2}$ cables, it is steep-to, and has a small sandy head near its west extreme which dries 6 feet at low water spring tides; from this head, cape Flattery summit bears N. $88^{\circ} W.$, distant $13\frac{1}{2}$ miles, and South Direction island N. $18\frac{1}{2}^{\circ} W.$, distant $10\frac{1}{2}$ miles.

Position, lat. $15^{\circ} 0\frac{1}{2}' S.$, long. $145^{\circ} 36' E.$

Unsuccessful search for shoal north-west of Look-out point.

FURTHER information has been received that a shoal spit extends in a north-westerly direction from Look-out Point for a distance of $2\frac{1}{2}$ miles, having a least depth of 6 feet, with the summit of the point bearing S. $45^{\circ} E.$, distant 2 miles; it is steep-to on its eastern edge, the water deepening quickly from 2 to 6 and 7 fathoms; on the north-western side it deepens more gradually.

The position heretofore given for the $2\frac{1}{2}$ fathoms shoal is about 8 cables northward of the extreme of the spit, and depths of $6\frac{1}{2}$ to $7\frac{1}{2}$ fathoms, over even ground were obtained around that spot with no sign of shoal water.

Consequent on the foregoing, it is considered that the *Decapolis* grounded on the spit about 2 miles north-west of Look-out point, and the $2\frac{1}{2}$ fathoms shoal has been removed from the Admiralty Charts.

NOTE.—Cape Flattery summit in line with the red beacon on Sand cay (about $2\frac{1}{2}$ miles south-east of Look-out point), bearing S. $38^{\circ} E.$, leads eastward of the shoal ground off Look-out point; and end of range in line with Round hill, bearing S. $82^{\circ} W.$, leads 4 cables northward of it.

By direction of the Government of Bengal.

NOTICE TO MARINERS—(No. 127).

JAPAN.

SIMONOSEKI STRAIT—WESTERN ENTRANCE.

Fixed light on Narusi rock.

THE British Admiralty has given notice (No. 415 of 1889) that on 21st September 1889 a light would be exhibited from the beacon (which has been rebuilt during the present year) on Narusi rock, north side of western entrance to Simonoscki strait :—

The light is a *fixed* white light, visible from the bearing of S. $80^{\circ} E.$, through north, to S. $48^{\circ} W.$; it is elevated 17 feet above high water, and should be seen in clear weather from a distance of three miles.

The beacon, constructed of stone and circular in shape, is painted white.

Position, lat. $33^{\circ} 54' 45'' N.$, long. $130^{\circ} 54' 50'' E.$

NOTE.—The light is kept burning day and night by automatic arrangement without the constant attendance of a keeper. Should the light be extinguished by accident, there may be some delay in re-lighting it.

(The bearings are Magnetic, and are given from seaward. Variation 4° Westerly in 1889.)

Prize Essay for Native Ladies.

The following subject has been selected for Babu Brajamohan Dutt's Prize of Rs. 40 for the year 1889-90:—

"The present condition of Bengali Women."

The conditions for the award of the prize are—

- (1) That the competition be open to all educated women, being natives of Bengal, without regard to age.
- (2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.
- (3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.
- (4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 30th June 1890, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Circle, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

By Order of the Board of Revenue, L. P.,

K. G. GUPTA, *Offg. Secretary.*

BOARD OF REVENUE, L. P., Fort William, the 3rd December 1889.

No. 1562B.

The following rules, framed by the Board of Revenue under Sections 9 and 105 of the Customs Sea Customs Act VIII of 1878, for regulating the removal of salt warehoused at Chittagong to be re-warehoused at Naraingunge, having received the sanction of the Lieutenant-Governor, are published for general information.

BOARD OF REVENUE, L.P.,
Fort William, the 18th December 1889.

K. G. GUPTA,
Offg. Secretary.

1. When any owner of salt warehoused at Chittagong intends to remove it under section 105 for the purpose of being re-warehoused at Naraingunge, an application in writing, specifying the name, tonnage, and master's name of the vessel intended to convey the salt shall be made to the Collector of Customs, Chittagong, before 3 p.m. on the day prior to that on which it is proposed to remove the salt.

2. The salt shall be conveyed from Chittagong to Naraingunge by such vessels only as are approved by the Collector of Customs, Chittagong. Each vessel must carry a special pass in the annexed form under the signature of the Collector of Customs, Chittagong, covering the consignment of salt shipped in it.

3. The salt can only be removed from Chittagong under a bond to be executed by the bondholder in conformity with the requirements of section 106 of the Sea Customs Act. The bond shall be in the form appended to these rules. Port clearance shall not be granted till after the due execution of the bond and after the quantities entered in the tally books have been found to agree with those entered in the manifest (or cargo books) of such vessel or vessels. Single bonds may be accepted for any quantity of salt not exceeding 20,000 maunds, and shall cover all the vessels being loaded with the quantity of salt for which the bond, in each case, is given, and such vessels must, in each case, be named in the bond. The number

and date of the bond are to be noted in the pass which accompanies each vessel, and in the copies of the pass retained by the Collector of Customs, Chittagong, and forwarded to the Collector of Customs, Naraingunge, respectively.

4. When the discharge of salt from the warehouse at Chittagong for conveyance under bond to Naraingunge is interrupted, or not completed, such quantity as has been actually delivered at the time of interruption shall be covered by a Customs boat-note. The salt so delivered must also be completely stamped over, and the hatches and all access to the hold must be sealed by Custom seals, to be examined by the night Customs Inspector, who must record his report of each such inspection.

5. The salt when placed on board must be stamped all over and conveyed under sealed hatches. Both the seals on the hatches and the stamps on the salt as reported on clearance by the Collector of Customs at Chittagong shall be separately examined and reported on by the Salt Darogah or other officer deputed by the Collector of Customs, Naraingunge, to the Collector of Customs, Naraingunge, on receipt of whose orders on the report the seals may be broken and the salt weighed.

6. The vessel on arrival at Naraingunge shall be anchored as close as possible to the ghât leading to the warehouse in which the salt is to be stored, or at the nearest moorings to such ghât.

7. The weighing of the salt shall be made in the presence of the Salt Darogah or other officer deputed by the Collector of Customs, Naraingunge, and a Customs peon shall invariably remain with the salt until the weighing shall have been completed. Weighing of the salt shall be made, as a general rule, on board the importing vessel. It will, however, be competent to the Board, on sufficient cause being shown, to permit the salt of any bond to be weighed after removal to the shore, under such suitable precautions, to be taken at the sole expense of the bond, as may be prescribed by the Collector of Customs, Naraingunge, and approved by the Board.

8. The owner of the salt shall be required to pay full duty on any difference between the quantity of salt weighed out of bond at Chittagong and the quantity weighed out of the brig or steamer at Naraingunge, less an allowance of one per cent. on the quantity weighed into each vessel for wastage during the passage, if such wastage actually occurs.

9. The salt shall be stored under proper supervision in a licensed warehouse immediately the weighing shall have been made. The door of the warehouse shall have two locks; the key of one lock which must be a Chubb's lock shall remain with the Darogah or other officer deputed by the Collector of Customs, Naraingunge, and the key of the other with the bond's agent.

10. The bond will be required to defray the cost of the preventive officers, and all charges attendant on the weighing of the salt, both at Chittagong and Naraingunge, such weighings being conducted as laid down in the Board's rules for weighing salt intended for bond at Chittagong.

11. Both Customs officers and the exporter's agent will be required to certify at the end of each day's weighing the correctness of the tally books for that day's work.

12. The working hours with regard to delivery and weighing of salt shall be from 6 A.M. to 3 P.M., or such other hours as may be fixed from time to time by the Collector of Customs, with the approval of the Commissioner.

13. If from any cause the weighments cannot be completed in one day, extra peons as may be considered necessary by the Collector of Customs shall be appointed to guard the salt, the cost being borne by the bond.

14. The duty on the warehousing bill-of-entry shall be calculated on the whole quantity delivered on weighing from the vessel or vessels covered by the bond. As salt is cleared from bond, the quantity as entered in the clearance bill-of-entry shall be noted on the warehousing bill-of-entry and duty paid accordingly. When the last quantity of salt under each bond is cleared, the bond shall make good the deficiency, if any, between the amount of duty originally entered in the warehousing bill-of-entry and the total amounts of duty paid, less an allowance on account of wastage, if such wastage has actually occurred, which shall not exceed 2½ per cent. on the whole quantity warehoused.

15. In addition to the above rules, the rules contained in sections VII and IX of the Salt Manual shall apply generally to all salt conveyed under bond from Chittagong and warehoused at Naraingunge.

16. Before permission can be given to transport salt warehoused at Chittagong to Naraingunge, under bond, the bond will be required to construct a suitable warehouse at Naraingunge, to be approved by the Collector and licensed by the Chief Customs authority, together with suitable accommodation for the warehouse establishment, also to be approved by the Collector. The bond will also be required to enter into an agreement with the Collector to defray the cost to Government of the establishment noted in the margin, which will be appointed by the Collector for the guard and supervision of the warehouse.

1	Darogah on	Rs.
2	Peons at Rs. 6 each	12
	Cost per month	62

17. The rules contained in paragraphs 5, 11 and 13 of section II of the Salt Manual shall apply generally to the appointment and payment of this establishment, and to the construction and repair of the warehouse and establishment accommodation.

These rules shall come into force from 1st January, 1890.

P. NOLAN,
Secretary to the Govt. of Bengal.

NOTIFICATION.

The 1st January, 1890.—The following revised rules for the award of Junior and Senior Scholarships are published for general information:—

JUNIOR SCHOLARSHIP RULES.

ONE HUNDRED AND FIFTY-TWO* Government junior scholarships shall be awarded annually at the University Entrance Examination to successful candidates educated at schools in Bengal.

2. The scholarships shall be of three grades—10 of the first grade, carrying monthly stipends of Rs. 20; 47 of the second grade, carrying monthly stipends of Rs. 15; and 95 of the third grade, carrying monthly stipends of Rs. 10.

3. With the sanction of the Director of Public Instruction, a junior scholarship may be held at any one of the affiliated colleges in Bengal which the holder may select. A Government junior scholarship may also be held in the United Kingdom, subject to the conditions of good conduct and satisfactory progress, but not in other provinces of India.

4. Each scholarship shall, subject to good conduct, be tenable for two years, provided the holder is certified by the Principal of his College, at the end of the first year, to have made due progress in a collegiate course of instruction.

5. The holder of a junior scholarship in an institution not under the management of Government shall be liable at any time to be examined by two persons appointed by the Director of Public Instruction and approved by the Principal of the College to which he belongs, and, on proof of unsatisfactory progress, to be deprived of his scholarship.

6. No candidate shall be eligible for a scholarship who has not studied for the whole session previous to the examination in the school to which he belongs at the time of presenting himself at the Entrance Examination, unless he has been transferred within that period with the sanction of the Circle Inspector.

7. The scholarships of the first grade shall be awarded to the ten candidates who obtain the highest aggregate marks.

8. The scholarships of the second and third grades shall, subject to future reconsideration, be allotted to the several Commissionerships in the following proportion:—

				Second grade.	Third grade.
Bardwan Division	6	12
Town of Calcutta	6	11
Presidency Division	6	12
Rajahmundry	6*	10*
Dacca	6	12
Chittagong	2	6
Patna	6	12
Bhagulpore	3	9
Orissa	4	6
Chota Nagpore	2	5
Total	47	95

* This includes the two special scholarships—one of the second grade and the other of the third—established in 1879 for the benefit of the Bungalow Zillah school.

9. The Commissioner of the Division, in consultation with the Circle Inspector, will notify in the *Calcutta Gazette*, not later than the 1st September of each year, the number of junior scholarships to be allotted to each district at the ensuing examination. This distribution should be confined to third grade scholarships, those of the second grade being awarded to the best students in the division without reference to districts. Scholarships not taken up in the district or division to which they are assigned may be awarded by the Director of Public Instruction, at his discretion, to deserving candidates from other divisions, special regard being had to the requirements of those parts of the country in which it is considered desirable to stimulate the demand for collegiate education.

10. No candidate who is unable to read and write with facility and correctness one of the vernacular languages of Bengal shall be eligible for a junior scholarship.

11. No candidate shall be eligible for a scholarship who does not take up for the Entrance Examination as a second language one of the languages recognized by the University for the First Arts Examination.

12. The holders of scholarships in all Government colleges shall be required to pay the usual monthly fees levied from other students, provided that no scholarship-holder shall be required to pay a higher fee than Rs. 10 a month.

SPECIAL JUNIOR SCHOLARSHIPS FOR MUHAMMADANS.

Twenty scholarships of Rs. 7 a month each, tenable for two years at any college affiliated to the Calcutta University, shall be awarded to Muhammadan students of the Lower Provinces passing the Entrance Examination and failing to obtain any more valuable exhibition.

SPECIAL JUNIOR SCHOLARSHIPS FOR FEMALES.

Three junior scholarships, one of each grade, shall be open annually for competition at the Entrance Examination to female candidates educated in any school in Bengal. They shall be tenable in any collegiate institution approved by the Director of Public Instruction, and shall be awarded on conditions similar to those prescribed for general scholarships.

SENIOR SCHOLARSHIP RULES.

Fifty Government senior scholarships shall be offered annually for competition at the First Examination in Arts to successful candidates educated in any college in Bengal affiliated to the University of Calcutta.

2. These scholarships shall be of two grades—10 of the first grade, carrying monthly stipends of Rs. 25, and 40 of the second grade, carrying monthly stipends of Rs. 20.

3. With the sanction of the Director of Public Instruction, a senior scholarship may be held at any affiliated college in Bengal which may be selected by the holder. A Government senior scholarship may also be held in the United Kingdom, subject to the conditions of good conduct and satisfactory progress, but not in other provinces of India.

4. Each scholarship shall, conditionally on good conduct, be tenable for two years, provided that, at the end of the first year, the holder is certified by the Principal of his College to have made due progress in a collegiate course of instruction.

5. Second-year students alone, i.e., students who present themselves for the First Examination in Arts not more than two years after passing the Entrance Examination, shall be eligible for scholarships.

6. The scholarships of the first grade shall be awarded to the ten candidates who obtain the highest aggregate marks.

7. The forty scholarships of the second grade shall, subject to future reconsideration, be reserved for students at affiliated institutions in different parts of Bengal in the following proportions:—

	Number of scholarships.
Town of Calcutta	10
Presidency Division, outside Calcutta	4
Burdwan Division	8
Rajshahye ditto.	8
Dacca and Chittagong Divisions	7
Patna and Bhagulpore ditto	6
Orissa Division	2
Total	40

The scholarships shall be awarded to the candidates from each tract who obtain the highest marks at the examination, and who do not gain scholarships of the first grade, provided that their names appear in the first or second division of the list of passed candidates. Scholarships may, however, be awarded in special cases to candidates from Behar or Orissa who fall below the second division. Scholarships not taken up in the tracts to which they are assigned may be awarded by the Director of Public Instruction, at his discretion, to deserving candidates from other tracts, special regard being had to the requirements of those parts of the country in which it is considered desirable to stimulate the demand for collegiate education.

8. No candidate shall be eligible for a scholarship who has not studied for the whole session previous to the examination in the institution to which he belongs at the time of presenting himself at the First Arts Examination, unless he has been transferred within that period with the sanction of the Director of Public Instruction.

9. The holders of senior scholarships in all Government colleges shall be required to pay the usual monthly fees levied from other students.

SPECIAL SENIOR SCHOLARSHIPS FOR MUHAMMADANS.

Twenty scholarships, tenable for two years—ten of Rs. 10 a month each, and ten of Rs. 7 a month each—shall be awarded on the result of the First Arts Examination to Muhammadans who fail to obtain any more valuable exhibition.

SPECIAL SENIOR SCHOLARSHIPS FOR FEMALES.

Two senior scholarships, one of each grade, shall be open annually for competition at the First Examination in Arts to female candidates educated at any college in Bengal. These scholarships shall be awarded on conditions similar to those laid down for the general senior scholarships, and shall be tenable in any collegiate institution approved by the Director of Public Instruction.

Shoal north-eastward of two isles.

The British Admiralty has given notice (No. 405 of 1889) of the existence of a coral shoal lying about $1\frac{1}{2}$ miles north-eastward of two isles:—

This shoal, with a depth of 6 fathoms, is 8 cables in length within the 10-fathoms line in a north-east and south-west direction; from the shoalest part, South Direction island bears N. 13° E., distant 11 miles, and cape Flattery summit N. 76° W., distant $7\frac{7}{10}$ miles.

Position, lat. $15^{\circ} 0' S.$, long. $145^{\circ} 30' E.$

Also the following information concerning g reef and Sand Bank, lying respectively about $5\frac{1}{2}$ and 7 miles eastward of Two isles:—

g reef, as heretofore charted, does not exist.

Sand bank, now named g reef, is 4 cables in length in an east and west direction, with a width of $2\frac{1}{2}$ cables, it is steep-to, and has a small sandy head near its west extreme which dries 6 feet at low water spring tides; from this head, cape Flattery summit bears N. 83° W., distant $13\frac{3}{10}$ miles, and South Direction island N. $18\frac{1}{2}^{\circ}$ W., distant $10\frac{7}{10}$ miles.

Position, lat. $15^{\circ} 0\frac{1}{2}' S.$, long. $145^{\circ} 36' E.$

Unsuccessful search for shoal north-west of Look-out point.

FURTHER information has been received that a shoal spit extends in a north-westerly direction from Look-out Point for a distance of $2\frac{1}{2}$ miles, having a least depth of 6 feet, with the summit of the point bearing S. 45° E., distant 2 miles; it is steep-to on its eastern edge, the water deepening quickly from 2 to 6 and 7 fathoms; on the north-western side it deepens more gradually.

The position heretofore given for the $2\frac{1}{2}$ fathoms shoal is about 8 cables northward of the extreme of the spit, and depths of $6\frac{1}{2}$ to $7\frac{1}{2}$ fathoms, over even ground were obtained around that spot with no sign of shoal water.

Consequent on the foregoing, it is considered that the *Decapolis* grounded on the spit about 2 miles north-west of Look-out point, and the $2\frac{1}{2}$ fathoms shoal has been removed from the Admiralty Charts.

NOTE.—Cape Flattery summit in line with the red beacon on Sand cay (about $2\frac{1}{2}$ miles south-east of Look-out point), bearing S. 38° E., leads eastward of the shoal ground off Look-out point; and end of range in line with Round hill, bearing S. 82° W., leads 4 cables northward of it.

Fixed light on Narusi rock.

The British Admiralty has given notice (No. 415 of 1889) that on 21st September 1889 a light would be exhibited from the beacon (which has been rebuilt during the present year) on Narusi rock, north side of western entrance to Simonoseki strait:—

The light is a fixed white light, visible from the bearing of S. 86° E., through north, to S. 43° W.; it is elevated 17 feet above high water, and should be seen in clear weather from a distance of three miles.

The beacon, constructed of stone and circular in shape, is painted white.

Position, lat. $33^{\circ} 54' 45'' N.$, long. $130^{\circ} 54' 50'' E.$

NOTE.—The light is kept burning day and night by automatic arrangement without the constant attendance of a keeper. Should the light be extinguished by accident, there may be some delay in re-lighting it.

(The bearings are Magnetic, and are given from seaward. Variation 4° Westerly in 1889.)

Prize Essay for Native Ladies.

The following subject has been selected for Babu Brajamohan Dutt's Prize of Rs. 40 for the year 1889-90:—

"The present condition of Bengali Women."

The conditions for the award of the prize are—

- (1) That the competition be open to all educated women, being natives of Bengal, without regard to age.
- (2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.
- (3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.
- (4) That each essay be accompanied by the writer's declaration of the husband, parent, or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 30th June 1890, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Circle, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

Non-existence of Waywoda rock.

THE British Admiralty has given notice (No. 422 of 1889) of the non-existence of Waywoda, (Voevoda) rock in the sea of Japan.

This rock was originally reported by the Russian corvette *Voevoda*, when proceeding from Hakodate to Peter the Great bay. It was seen at a distance of 3 miles from the ship at 7h. P.M. on 28th June 1859, during thick weather, and estimated to be about 12 feet above water; the position assigned by dead reckoning, being lat. $42^{\circ} 16' N.$, long. $137^{\circ} 18' E.$

The rock was searched for on two occasions by French vessels of war without success prior to 1886. In September 1886, eight of Her Majesty's ships passed near the assigned position of the rock, in such a manner that an area of 40 miles in latitude and 62 miles in longitude was examined, and no sign of the rock was observed.

In June 1888, an American whaling barque reported having seen two rocks from 8 to 12 feet high, about 500 yards apart, in lat. $42^{\circ} 30' N.$, long. $137^{\circ} 5' E.$, or about 15 miles north-westward of the *Voevoda's* reported position.

Consequent on this latter report a further special search has been made by five of Her Majesty's ships on the China station throughout 7th September 1889. During this search the position of the rocks reported by the American whaling barque, as well as that of the Waywoda rock, was passed over without seeing any signs of a rock above water, or obtaining any soundings indicative of shallow ground.

After a careful review of the above circumstances, it is considered that the objects seen by both the *Voevoda* and the American whaling barque were floating, and therefore the rock has been removed from the Admiralty Charts.

KUSHI—NORTH-WEST COAST.

Sunken rocks in Iki Channel, and on south coast Iki sima.

THE British Admiralty has given notice (No. 434 of 1889) of the existence of the undermentioned sunken rocks lying in Iki channel, and on the south coast of Iki sima:—

1. A rock, with a depth of $1\frac{1}{2}$ fathoms, lies near the fairway in Iki channel, with Yebosi sima light-house bearing S. $75^{\circ} E.$, and the eastern extreme of Na sima North.

Position, lat. $33^{\circ} 42' 35'' N.$, long. $129^{\circ} 52' 20'' E.$

2. A rock, with a depth of $2\frac{1}{2}$ fathoms, lies in Iki channel, with the north extreme of Na sima, in line with the Watch-house on Iki sima, bearing N. $87^{\circ} W.$, and Akaki aki, the north-east extreme of Iki sima, N. $44^{\circ} W.$

Position, lat. $33^{\circ} 44' 40'' N.$, long. $129^{\circ} 54' 10'' E.$

3. A rock, with a depth of $1\frac{1}{2}$ fathoms, lies off the south coast of Iki sima, with Ko aki bearing S. $73^{\circ} W.$, distant $4\frac{1}{2}$ cables.

Position, lat. $33^{\circ} 42' 25'' N.$, long. $129^{\circ} 43' 30'' E.$

4. A rock (*Tawirone rock*), with a depth of $1\frac{1}{2}$ fathoms, lies $4\frac{1}{2}$ cables southward of Hira sima, with Ko saki bearing N. 86° E., and western extreme of Naga sima N. 7° W.

Position, lat. $33^{\circ} 41' 35''$ N., long. $129^{\circ} 37' 50''$ E.

5. A rock (*Sorazone rock*), with a depth of $3\frac{1}{2}$ fathoms, and 5 cables in extent in a north and south direction, lies nearly in the fairway of the southern entrance to Go no Ura, 6 cables distant from Takuye sima, and with the north-west extreme of that islet in line with the north extreme of Hira sima.

Position, lat. $33^{\circ} 43' 5''$ N., long. $129^{\circ} 39' 40''$ E.

6. A rock (*Ozone rock*), awash at low water spring tides, is an extension of the shoal shown on Admiralty Chart No. 127, on the eastern side of entrance to Go no Ura; it lies $3\frac{1}{2}$ cables from the coast of Iki sima, with the south extreme of Haru sima bearing S. 86° W., and north-east extreme of Oô sima N. 45° W.

7. The rock (*Hirase rock*) in the northern part of Go no Ura, and shown on Admiralty Charts as "Covera," lies a little westward of the position given, with Takuye sima bearing S. 27° W., distant $1\frac{1}{10}$ miles.

CAUTION.—There are many rocks and shoals near the coasts in this locality as yet not charted. Careful navigation is therefore needed.

The depths given are at low water spring tides.

NOTICE TO MARINERS (No. 6).

ARABIAN SEA.

NINE DEGREES CHANNEL.

Unsuccessful search for reef reported north-east of Minikoi Island.

THE following Notice to Mariners (No. 443 of 1889), issued by the British Admiralty, is republished with reference to Nos. 80 and 85, dated, respectively, the 23rd August and 6th September last, issued by this office:—

In consequence of a reef having been stated to exist in the Nine Degrees channel, about 50 miles north-east of Minikoi island, in lat. $8^{\circ} 48'$ N., long $73^{\circ} 40'$ E., by the Master

of the S.S. *Noord Brabant*, August 1889, who reported it as being 3 miles in length in a south-east and north-west direction, an examination of the locality has been made by Commander E. F. Hoskyn, R.N., in charge of the India Marine Survey, with the following result:—

The examination, carried out in the L.G.S.S. *Investigator*, and extending over three days, from 2nd to 4th November 1889, embraced the reported position of the reef between lat. $8^{\circ} 35'$ and $9^{\circ} 5' N.$, and long. $73^{\circ} 15'$ to $74^{\circ} 0' E.$ The least depth found on the suspected spot was 1,179 fathoms, gray ooze, and no indication was afforded by the soundings of the existence of shallow water. On one occasion, however, some patches of what appeared to be discoloured water were observed; but they were all examined and proved to be merely the reflection of clouds in smooth streaks of water.

Throughout the time the weather was uniformly fine, and favourable for observations, and the positions of the soundings were satisfactorily determined.

Considering the detailed nature of this examination by Commander Hoskyn, and the fact of the locality being near the track of shipping using the Nine Degree channel, the existence of this extensive danger is considered disproved.

EATON W. PETLEY,
Port Officer of Calcutta.

Additional soundings north-eastward of St. Lazarus Bank.

With reference to Notice to Mariners, No. 67, dated 2nd July last, issued by this office, the British Admiralty has given notice (No. 403 of 1889) that some further soundings have been obtained by H. M. Surveying Ship *Stork* to the north-eastward of the bank as defined in that Notice, which indicate the existence of either another bank, or of an extension of the slope of the St. Lazarus bank for some 30 miles. No sounding less than 320 fathoms was obtained, but until the ground is more thoroughly searched, vessels should avoid passing over this area to the north-eastward of the St. Lazarus bank.

The soundings obtained are as follows:—

- | | |
|---|--------------|
| (1) Lat. 11° 55' S., long. 41° 28' E. ... | 320 fathoms |
| (or 9 miles northward of a depth of 1,080 fathoms previously obtained). | |
| (2) Lat. 11° 48½' S., long. 41° 35½' E. ... | 460 fathoms. |

INNER ROUTE.

Shoal north-eastward of two isles.

THE British Admiralty has given notice (No. 405 of 1889) of the existence of a coral shoal lying about $1\frac{1}{2}$ miles north-eastward of two isles:—

This shoal, with a depth of 6 fathoms, is 8 cables in length within the 10-fathoms line in a north-east and south-west direction; from the shallowest part, South Direction island bears N. 13° E., distant 11 miles, and Cape Flattery summit N. 78° W., distant $7\frac{1}{2}$ miles.

Position, lat. $15^{\circ} 0' S.$, long. $145^{\circ} 30' E.$

Also the following information concerning g reef and Sand Bank, lying respectively about $5\frac{1}{2}$ and 7 miles eastward of Two isles:—

g reef, as heretofore charted, does not exist.

Sand bank, now named g reef, is 4 cables in length in an east and west direction, with a width of $2\frac{1}{2}$ cables, it is steep-to, and has a small sandy head near its west extreme which dries 6 feet at low water spring tides; from this head, Cape Flattery summit bears N. 83° W., distant $13\frac{1}{4}$ miles, and South Direction island N. $18\frac{1}{2}^{\circ}$ W., distant $10\frac{1}{2}$ miles.

Position, lat. $15^{\circ} 0\frac{1}{2}' S.$, long. $145^{\circ} 36' E.$

Unsuccessful search for shoal north-west of Look-out point.

FURTHER information has been received that a shoal spit extends in a north-westerly direction from Look-out Point for a distance of $2\frac{1}{2}$ miles, having a least depth of 6 feet, with the summit of the point bearing S. 45° E., distant 2 miles; it is steep-to on its eastern edge, the water deepening quickly from 2 to 6 and 7 fathoms; on the north-western side it deepens more gradually.

The position heretofore given for the $2\frac{1}{2}$ fathoms shoal is about 8 cables northward of the extreme of the spit, and depths of $6\frac{1}{2}$ to $7\frac{1}{2}$ fathoms, over even ground were obtained around that spot with no sign of shoal water.

Consequent on the foregoing, it is considered that the *Decapolis* grounded on the spit about 2 miles north-west of Look-out point, and the $2\frac{1}{2}$ fathoms shoal has been removed from the Admiralty Charts.

NOTE.—Cape Flattery summit in line with the red beacon on Sand cay (about $2\frac{1}{2}$ miles south-east of Look-out point), bearing S. 38° E., leads eastward of the shoal ground off Look-out point; and end of range in line with Round hill, bearing S. 82° W., leads 4 cables northward of it.

SIMONOSEKI STRAIT—WESTERN ENTRANCE.

Fixed light on Narusi rock.

THE British Admiralty has given notice (No. 415 of 1889) that on 21st September 1889 a light would be exhibited from the beacon (which has been rebuilt during the present year) on Narusi rock, north side of western entrance to Simonoski strait:—

The light is a fixed white light, visible from the bearing of S. 86° E., through north, to S. 48° W.; it is elevated 17 feet above high water, and should be seen in clear weather from a distance of three miles.

The beacon, constructed of stone and circular in shape, is painted white.

Position, lat. $33^{\circ} 54' 45'' N.$, long. $130^{\circ} 54' 50'' E.$

NOTE.—The light is kept burning day and night by automatic arrangement without the constant attendance of a keeper. Should the light be extinguished by accident, there may be some delay in re-lighting it.

(The Bearings are Magnetic, and are given from seaward. Variation 4° Westerly in 1889.)

General Letter No. 4, dated Calcutta, the 18th December 1889.

From—C. M. W. BRET, Esq., Registrar,

To—The Sessions Judge
Magistrate of

It has been brought to the notice of the Court that there is a diversity in the procedure followed regarding the levy of Court-fees in non-cognizable cases instituted by Municipalities or District Boards. Attention is, therefore, requested to Section 19, Clause XVIII of the Court Fees Act VII of 1870, under which no Court-fee is

leviable on a complaint preferred by a Municipal Officer. Court-fees should, however, be levied for processes issued in non-cognizable cases instituted by such officers, such fees being, on conviction of the accused, recovered from him under section 31 of the Court-fees Act.

2. It should, however be noticed that the processes alluded to above do not come within Chapter V, Rule I, Sub-Rule III, page 91 of the Criminal Rules and Orders.

Pearl Fishery in Ceylon, 1890.

The following notice is published for general information.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,

Secretary to the Govt. of Bengal.

PEARL FISHERY, 1890.

Notice is hereby given that a Pearl Fishery will take place at Marichikaddi, in the Island of Ceylon, on or about 20th February 1890. The bank to be fished is the Muttu-varathu Paar, 5 to 7½ fathoms water, lying off Dutch Bay, partly fished in March last, now estimated to contain oysters sufficient to employ 100 boats for 30 days with average loads of 8,000, each boat fully manned with divers per day.

2. It is therefore necessary that such boatowners and divers as may wish to be employed at the said fishery should be at Marichikaddi on or before 15th February next, and it is notified that the first day's fishing will take place on or about 20th February, if possible.

3. Marichikaddi is on the mainland, eight miles by sea south of Sillavaturai, and supplies of good water and provisions can be obtained there equal to Sillavaturai.

4. The fishery will be conducted on account of Government, and the oysters put up to sale in such lots as may be deemed expedient.

5. The arrangements of the fishery will be the same as have been usual on similar occasions.

6. All payments to be made in ready money in Ceylon currency.

7. Drafts on the Banks in Colombo or bills on the Agents of this Government in India, at ten days' sight, will be taken, on letters of credit being produced to warrant the drawing of such drafts or bills.

8. For the convenience of purchasers, the Treasurer at Colombo and the different Government Agents of Provinces will be authorised to receive cash deposits from parties intending to become purchasers, and receipts of these officers will be taken in payment of any sums due on account of the fishery.

9. No deposit will be received for a less sum than Rs. 250.

By His Excellency's command,

E. NORR WALKER,

Colonial Secretary.

Colonial Secretary's Office, Colombo, the 19th December 1889.

NOTICE TO MARINERS—(No. 3).

JAPAN.

Yezo—South-West Coast.

Non-existence of Waywoda rock.

THE British Admiralty has given notice (No. 422 of 1889) of the non-existence of Waywoda (Vocwoda) rock in the sea of Japan.

This rock was originally reported by the Russian corvette *Vocwoda*, when proceeding from Hakodate to Peter the Great bay. It was seen at a distance of 3 miles from the ship

at 7h. p.m. on 28th June 1859, during thick weather, and estimated to be about 12 feet above water; the position assigned by dead reckoning, being lat. $42^{\circ} 16' N.$, long. $137^{\circ} 18' E.$

The rock was searched for on two occasions by French vessels of war without success prior to 1886. In September 1886, eight of Her Majesty's ships passed near the assigned position of the rock, in such a manner that an area of 40 miles in latitude and 62 miles in longitude was examined, and no sign of the rock was observed.

In June 1888, an American whaling barque reported having seen two rocks from 8 to 12 feet high, about 500 yards apart, in lat. $42^{\circ} 30' N.$, long. $137^{\circ} 5' E.$, or about 15 miles north-westward of the *Voevoda's* reported position.

Consequent on this latter report a further special search has been made by five of Her Majesty's ships on the China station throughout 7th September 1889. During this search the position of the rocks reported by the American whaling barque, as well as that of the *Wayvoda* rock, was passed over without seeing any signs of a rock above water, or obtaining any soundings indicative of shallow ground.

After a careful review of the above circumstances, it is considered that the objects seen by both the *Voevoda* and the American whaling barque were floating, and therefore the rock has been removed from the Admiralty Charts.

KIUSIU—NORTH-WEST COAST.

Sunken rocks in Iki Channel, and on south coast Iki sima.

THE British Admiralty has given notice (No. 434 of 1889) of the existence of the undermentioned sunken rocks lying in Iki channel, and on the south coast of Iki sima:—

1. A rock, with a depth of $1\frac{1}{2}$ fathoms, lies near the fairway in Iki channel, with Yebosi sima light-house bearing S. $75^{\circ} E.$, and the eastern extreme of Na sima North.

Position, lat. $33^{\circ} 42' 35'' N.$, long. $129^{\circ} 52' 20'' E.$

2. A rock, with a depth of $2\frac{1}{2}$ fathoms, lies in Iki channel, with the north extreme of Na sima, in line with the Watch-house on Iki sima, bearing N. $87^{\circ} W.$, and Akasi saki, the north-east extreme of Iki sima, N. $44^{\circ} W.$

Position, lat. $33^{\circ} 44' 40'' N.$, long. $129^{\circ} 54' 10'' E.$

3. A rock, with a depth of $1\frac{1}{2}$ fathoms, lies off the south coast of Iki sima, with Ko saki bearing S. $73^{\circ} W.$, distant $4\frac{1}{2}$ cables.

Position, lat. $33^{\circ} 42' 25'' N.$, long. $129^{\circ} 43' 30'' E.$

4. A rock (*Tsurizune rock*), with a depth of $1\frac{1}{2}$ fathoms, lies $4\frac{1}{2}$ cables southward of Hira sima, with Ko saki bearing N. $86^{\circ} E.$, and western extreme of Naga sima N. $7^{\circ} W.$

Position, lat. $33^{\circ} 41' 35'' N.$, long. $129^{\circ} 37' 50'' E.$

5. A rock (*Sorazone rock*), with a depth of $3\frac{1}{2}$ fathoms, and 5 cables in extent in a north and south direction, lies nearly in the fairway of the southern entrance to Go no Ura, 6 cables distant from Takuye sima, and with the north-west extreme of that islet in line with the north extreme of Hira sima.

Position, lat. $33^{\circ} 43' 5'' N.$, long. $129^{\circ} 38' 40'' E.$

6. A rock (*Ozome rock*), awash at low water spring tides, is an extension of the shoal shown on Admiralty Chart No. 127, on the eastern side of entrance to Go no Ura; it lies $3\frac{1}{2}$ cables from the coast of Iki sima, with the south extreme of Hara sima bearing S. $86^{\circ} W.$, and north-east extreme of Os sima N. $45^{\circ} W.$

7. The rock (*Hirase rock*) in the northern part of Go no Ura, and shown on Admiralty Charts as "Covers," lies a little westward of the position given, with Takuye sima bearing S. $37^{\circ} W.$, distant $1\frac{1}{10}$ miles.

CAUTION.—There are many rocks and shoals near the coasts in this locality as yet not charted. Careful navigation is therefore needed.

The depths given are at low water spring tides.

ARABIAN SEA.

NINE DEGREES CHANNEL.

Unsuccessful search for reef reported north-east of Minikoi Island.

THE following Notice to Mariners (No. 443 of 1889), issued by the British Admiralty, is republished with reference to Nos. 80 and 85, dated, respectively, the 23rd August and 6th September last, issued by this office:—

In consequence of a reef having been stated to exist in the Nine Degrees channel, about 50 miles north-east of Minikoi island, in lat. $8^{\circ} 48' N.$, long $73^{\circ} 40' E.$, by the Master of the S.S. *Noord Brabant*, August 1889, who reported it as being 3 miles in length in a south-east and north-west direction, an examination of the locality has been made by Commander R. F. Hoskyn, R.N., in charge of the India Marine Survey, with the following result:—

The examination, carried out in the I.G.S.S. *Investigator*, and extending over three days, from 2nd to 4th November 1889, embraced the reported position of the reef between lat. $8^{\circ} 35'$ and $9^{\circ} 5' N.$, and long. $73^{\circ} 15'$ to $74^{\circ} 0' E.$ The least depth found on the suspected spot was 1,179 fathoms, gray ooze, and no indication was afforded by the soundings of the existence of shallow water. On one occasion, however, some patches of what appeared to be discoloured water were observed; but they were all examined and proved to be merely the reflection of clouds in smooth streaks of water.

Throughout the time the weather was uniformly fine, and favourable for observations, and the positions of the soundings were satisfactorily determined.

Considering the detailed nature of this examination by Commander Hoskyn, and the fact of the locality being near the track of shipping using the Nine Degrees channel, the existence of this extensive danger is considered disproved.

YEZO—SOUTH-WEST COAST.

Non-existence of Waywoda rock.

THE British Admiralty has given notice (No. 422 of 1889) of the non-existence of Waywoda (Voevoda) rock in the sea of Japan.

This rock was originally reported by the Russian corvette *Voevoda*, when proceeding from Hakodate to Peter the Great bay. It was seen at a distance of 3 miles from the ship at 7h. P.M. on 28th June 1859, during thick weather, and estimated to be about 12 feet above water; the position assigned by dead reckoning, being lat. $42^{\circ} 16' N.$, long. $137^{\circ} 18' E.$

The rock was searched for on two occasions by French vessels of war without success prior to 1886. In September 1886, eight of Her Majesty's ships passed near the assigned position of the rock, in such a manner that an area of 40 miles in latitude and 62 miles in longitude was examined, and no sign of the rock was observed.

In June 1888, an American whaling barque reported having seen two rocks from 8 to 12 feet high, about 500 yards apart, in lat. $42^{\circ} 30' N.$, long. $137^{\circ} 5' E.$, or about 15 miles north-westward of the *Voevoda's* reported position.

Consequent on this latter report a further special search has been made by five of Her Majesty's ships on the China station throughout 7th September 1889. During this search the position of the rocks reported by the American whaling barque, as well as that of the Waywoda rock, was passed over without seeing any signs of a rock above water, or obtaining any soundings indicative of shallow ground.

After a careful review of the above circumstances, it is considered that the objects seen by both the *Voevoda* and the American whaling barque were floating, and therefore the rock has been removed from the Admiralty Charts.

KIUSIU—NORTH-WEST COAST.

Sunken rocks in Iki Channel, and on south coast Iki sima.

THE British Admiralty has given notice (No. 434 of 1889) of the existence of the undermentioned sunken rocks lying in Iki channel, and on the south coast of Iki sima:—

1. A rock, with a depth of $1\frac{1}{2}$ fathoms, lies near the fairway in Iki channel, with Yebosi sima light-house bearing S. $75^{\circ} E.$, and the eastern extreme of Na sima North.

Position, lat. $33^{\circ} 42' 35'' N.$, long. $129^{\circ} 52' 20'' E.$

2. A rock, with a depth of $2\frac{1}{2}$ fathoms, lies in Iki channel, with the north extreme of Na sima, in line with the Watch-house on Iki sima, bearing N. $87^{\circ} W.$, and Akasi saki, the north-east extreme of Iki sima, N. $44^{\circ} W.$

Position, lat. $33^{\circ} 44' 40'' N.$, long. $129^{\circ} 54' 10'' E.$

3. A rock, with a depth of $1\frac{1}{2}$ fathoms, lies off the south coast of Iki sima, with Ko saki bearing S. $73^{\circ} W.$, distant $4\frac{1}{2}$ cables

Position, lat. $33^{\circ} 42' 25'' N.$, long. $129^{\circ} 43' 30'' E.$

4. A rock (*Taurisone rock*), with a depth of $1\frac{1}{2}$ fathoms, lies $4\frac{1}{2}$ cables southward of Hira sima, with Ko saki bearing N. $86^{\circ} E.$, and western extreme of Naga sima N. $7^{\circ} W.$

Position, lat. $33^{\circ} 41' 35'' N.$, long. $129^{\circ} 37' 50'' E.$

5. A rock (*Sorazone rock*), with a depth of $8\frac{1}{2}$ fathoms, and 5 cables in extent in a north and south direction, lies nearly in the fairway of the southern entrance to Go no Ura, 3 cables distant from Takuye sima, and with the north-west extreme of that islet in line with the north extreme of Hira sima.

Position, lat. $33^{\circ} 43' 5''$ N., long. $129^{\circ} 39' 40''$ E.

6. A rock (*Ozone rock*), awash at low water spring tides, is an extension of the shoal shown on Admiralty Chart No. 127, on the eastern side of entrance to Go no Ura; it lies $3\frac{1}{2}$ cables from the coast of Iki sima, with the south extreme of Haru sima bearing S. 80° W., and north-east extreme of Oō sima N. 45° W.

7. The rock (*Hirase rock*) in the northern part of Go no Ura, and shown on Admiralty Charts as "Covers," lies a little westward of the position given, with Takuye sima bearing S. 27° W., distant $1\frac{1}{2}$ miles.

CAUTION.—There are many rocks and shoals near the coasts in this locality as yet not charted. Careful navigation is therefore needed.

The depths given are at low water spring tides.

ARABIAN SEA.

NINE DEGREES CHANNEL.

Unsuccessful search for reef reported north-east of Minikoi Island.

THE following Notice to Mariners (No. 443 of 1889), issued by the British Admiralty, is republished with reference to Nos. 80 and 85, dated, respectively, the 23rd August and 6th September last, issued by this office:—

In consequence of a reef having been stated to exist in the Nine Degrees channel, about 50 miles north-east of Minikoi island, in lat. $8^{\circ} 48'$ N., long $78^{\circ} 40'$ E., by the Master of the S.S. *Noord Brabant*, August 1889, who reported it as being 3 miles in length in a south-east and north-west direction, an examination of the locality has been made by

Commander R. F. Hoskyn, R.N., in charge of the India Marine Survey, with the following result:—

The examination, carried out in the I.G.S.S. *Investigator*, and extending over three days, from 2nd to 4th November 1889, embraced the reported position of the reef between lat. $8^{\circ} 85'$ and $9^{\circ} 5'$ N., and long. $73^{\circ} 15'$ to $74^{\circ} 0'$ E. The least depth found on the suspected spot was 1,179 fathoms, gray ooze, and no indication was afforded by the soundings of the existence of shallow water. On one occasion, however, some patches of what appeared to be discoloured water were observed; but they were all examined and proved to be merely the reflection of clouds in smooth streaks of water.

Throughout the time the weather was uniformly fine, and favourable for observations, and the positions of the soundings were satisfactorily determined.

Considering the detailed nature of this examination by Commander Hoskyn, and the fact of the locality being near the track of shipping using the Nine Degrees channel, the existence of this extensive danger is considered disproved.

NOTIFICATION.

The 4th February 1890.—The following rules framed by the Board of Revenue under clause (c), section 9 of the Sea Customs Act VIII of 1878, to provide for the weighment of salt by licensed weighmen at the Port of Calcutta, having received the sanction of the Lieutenant-Governor, are published for general information:—

I. From the date of the publication of these rules, no person, other than a weighman licensed under them, shall be employed to weigh salt either on board importing vessels or at the Sulkea warehouses.

II. A weighman includes an assistant.

III. The duty of supplying licensed weighmen may be entrusted to contractors or sirdar weighmen, who will be appointed on the recommendation of the Superintendent of the Preventive Service and receive a license. Contractors and sirdars who have not been licensed by the Collector of Customs will not be recognised by Customs officers.

IV. Any person wishing to become a licensed weighman will be supplied, on application to the Collector of Customs, with a form which he will be required to fill up, and such application should ordinarily be supported by a recommendation from some person directly interested in the importation and weighment of salt. If he is considered suitable, a license will then be granted to the applicant.

V. A licensed weighman, who is guilty of refusal or neglect of duty, may be suspended or dismissed.

VI. Licensed weighmen will make their own arrangements with those persons who require their services, and in this respect Government will not exercise any control over them; but they are strictly prohibited from receiving any reward or present from the buyers, or their representatives, under penalty of dismissal and of a criminal prosecution.

VII. When on duty a licensed weighman will be required to wear a brass badge, and will be bound to produce his license if asked to do so.

VIII. A complete list of licensed contractors, sirdar weighmen, and weighmen will be supplied to any person interested in the weighment of salt upon application.

Form of Contractor's License.

A. B. is hereby appointed a licensed contractor for the supply of licensed weighmen under the rules prescribed by the Board of Revenue.

Form of Application for Weighman's Licence.

I, _____, son of _____, resident of _____ in the district of _____, present residing at _____, desiring to obtain a licence authorizing me to weigh salt on board ships as well as at the Sulkea warehouses, beg respectfully to submit this petition.

I undertake to perform my duties faithfully to Government, and to obey any lawful commands that I may receive.

Form of Weighman's Licence.

A. B. is hereby appointed a licensed weighman under the rules prescribed by the Board of Revenue.

NOTIFICATION.

The 1st February 1890.—The following revised rule is substituted for Rule XV of the Rules made by the Lieutenant-Governor under the power vested in him by section 4 of Act III (B.C.) of 1879 (entitled "an Act to provide for the periodical inspection of Steam-boilers and Prime-movers attached thereto in the Town and Suburbs of Calcutta and in Howrah"), and since extended by notifications to places in the districts of Hooghly, Howrah, and the 24-Pergunnahs, within a radius of 80 miles from Calcutta, to the sub-divisions of Rancegunge, Giridhi, and Gobindpore, and the district of the Sonthal Pergunnahs:—

XV. The Inspector shall give one week's notice of every such intended thorough examination; and if after that notice the boilers are not empty, cool, clean, and ready for inspection on the date named, the Inspector shall prohibit the boilers from working, and shall report the case to the Commissioners. Further, if any request be made to remove fittings or settings, and such be not complied with, the Inspector shall in like manner stop the working of the boilers.

Provided that the inspection of boilers in the Rancegunge, Giridhi, and Gobindpore sub-divisions, and in the district of the Sonthal Pergunnahs, shall be made during the months of November to May inclusive, and the Inspector shall give 14 days' notice of the day when he will make such inspection.

If any boiler needs inspection in the Rancegunge, Giridhi, and Gobindpore sub-divisions, and in the district of the Sonthal Pergunnahs, during the months of June to October inclusive, either as being a new boiler requiring a certificate, or as being a boiler which the owner for any other reason wishes to have inspected, it may, on the application of the owner, manager, or agent, be inspected during that period.

JOHN EDGAR,
Chief Secy. to the Govt. of Bengal.

OBSERVATIONS.—In April 1885 sanction was given to the formation of volunteer reserves in the North-Western Provinces and Local Governments were asked to submit proposals for the organization of similar forces in their respective provinces. In May 1887 the proposals of the Bengal Government for raising volunteer reserves in Bengal, and those of the Bombay Government for the formation of volunteer reserves in Bombay and in connection with the Bombay, Baroda, and Central India Railway Volunteer Corps, were approved. In the beginning of 1888 sanction was also given to the organization of volunteer reserves in Burma, and in September 1888 to the formation of volunteer reserves in the Madras Presidency. In September 1888 the Punjab Government reported that steps were being taken to ascertain the number of persons in the province who were fit to be volunteers and the proportion of these already enlisted in the volunteer or reserve forces. Subsequently Local Governments were requested to furnish, for the information of the Government of India, reports showing the progress made. The reports which have been received show that reservists in the following numbers have been enrolled in the various provinces:—

Bengal	{	Calcutta	462
		Bhagalpur	20 (a)
		Muzaffarpur	50 (a)
		Allahabad	180
		Cawnpore	80 (a)
N. W. Provinces	{	Benares	26
		Oudh Volunteer Reserve Corps	98
		Mussoorie ditto	150
		Koldikhand ditto	38
		Dehra Dun Mounted Volunteer Reserve Corps	40
Punjab	500 (a)
Madras	{	Madras City	248
		Kistna District	81
		B. Bary do	54
		Coorg and Mysore	5
Burma	{	Upper Burma	103
		Arracan Division	36
		Tenasserim Division	38
		Irrawaddy Division	60
Total					2,258

(a) These are said to be expected to join.

RESOLUTION.—The Governor-General in Council observes with satisfaction the progress made in this important matter and desires to record the acknowledgments of the Government of India to the Local Governments and Administrations and to the volunteer corps concerned for their efforts in furthering the volunteer reserve movement. From a comparison, however, of the number of available men in the various towns and districts of India with the numbers already enrolled as volunteers or reservists, it is evident that the volunteer reserve force might be considerably augmented, and His Excellency in Council trusts that Local Governments and Administrations will give their earnest attention to this matter and endeavour to increase existing volunteer reserve corps and companies and to raise new corps and companies where none at present exist. His Excellency in Council also desires that local Governments and Administrations will impress on the civil officers under their orders and on officers commanding volunteer corps the necessity for taking a personal interest in the movement, as it is one to which the Government of India attach great importance.

ORDER.—Ordered that a copy of this Resolution be communicated to the Secretary to the Government of ^{Madras} ~~Bombay~~, Military Department; the Secretary to the Government of Bengal, General Department; the Secretary to the Government of the North-Western Provinces and Oudh, General Department; the Secretary to the Government of the Punjab, Civil Department; the Chief Commissioners of Burma, Assam, and the Central Provinces, and the Adjutant-General in India.

AUSTRALIA—EAST COAST.

INNER ROUTE.

Sunken rock and bank eastward of Claremont No. X (Chapman) island; and non-existence of rock awash south-eastward of Young island.

The British Admiralty has given notice (No. 31 of 1890) that the following information has been received, relating to dangers found in the Inner Route, east coast of Australia, the result of recent examinations by Lieutenant and Commander G. C. Frederick, H.M.'s Surveying Vessel *Dart*:—

- (1) A sunken rock, composed of coral, with a depth of 5 feet on it at low water, is situated with Claremont No. X (Chapman) island, bearing W.S.W., distant $1\frac{1}{2}$ miles.
Position: lat. $12^{\circ} 53' S$, long. $143^{\circ} 30' 15'' E$.
- (2) A bank, with several patches of $2\frac{1}{2}$ fathoms near its western edge, extending thence more than a mile to the eastward, with patches of 4 and 5 fathoms on it, lies between the above rock and Claremont No. X island.
From the shoalest part of this bank Claremont No. X island bears W. by S., distant 4 cables.
- (3) A careful search was made for the rock awash at low water, marked on the charts in a position bearing S.E., distant $1\frac{1}{2}$ miles from Young island. Depths of 12 to 14 fathoms, and a level bottom, were found all round and upon the assigned position of this rock; and at low water, and under favourable circumstances, no indications of shoal water were observed in the locality.

This rock has consequently been expunged from the Admiralty charts.

Position: lat. $12^{\circ} 8' 30'' S$, long. $143^{\circ} 14' E$.

HIGH COURT NOTICE.

CIRCULAR ORDER ISSUED BY AUTHORITY OF THE HIGH COURT OF JUDICATURE AT FORT WILLIAM IN BENGAL.

CRIMINAL.

No. 1, dated the 24th January 1890.

For Rule 39, Clauses (a), (b), (c), (cc), (ccc), (d), (e), (f), (g), (h), (hh), (i), (j), and foot-notes, Chapter VI, pages 135 to 139, Criminal Rules and Orders, substitute the following:—

39.¹ [*Charges for Copies*—C. O. No. 1 of 24th January 1890].—(a) In all Criminal Courts a uniform charge shall be made for the preparation of copies, whether certified or uncertified, at the rate of 3 annas per folio. This term, it is to be carefully explained to all subordinate officers, merely denominates a certain quantity of manuscript; the folio to consist of 150 words English or of 300 words Vernacular, 4 figures counting as one word.

(b) This charge shall be levied by means of an impressed stamp of 3 annas² on each sheet of paper corresponding with the folio to be provided by the applicant for a copy. Each of these sheets shall contain a folio, that is, 150 words English or 300 words Vernacular. As there are 25 lines in each sheet, no line shall contain more than 6 words English or 12 words Vernacular.

(c) All copies, whether certified or uncertified, must, before issue, be examined by a salaried officer.³ The copies themselves will, in all cases, be made by Section-writers, who will be remunerated at the rate of 2 annas per folio.

(d) Uncertified copies may be converted into certified copies upon the application of the person to whom they have been granted, and upon his filing with such application the necessary 8-anna Court-fee stamps required by law.

(e) Certified copy must be "certified to be a true copy," must bear the seal of the Court, and must be signed in full, if not by the Presiding Officer, then by the officer hereinafter named, viz.:—

At the head-quarters of a district—

All certified copies by the Head Clerk of the Court of the District Magistrate;

In Courts at Sub-divisions—

All certified copies by the Head Clerk of the Court of the Sub-divisional Magistrate.

In every case the certifying officer will append to his signature the words "authorised under Section 76, Act I of 1872."

¹ This rule takes effect from the 1st of April 1890.

² Till such stamps are available, the sheets now in use for copies, each bearing an impressed (non-judicial) stamp of 4 annas, will, after they have been overprinted with the words "3 annas" in English and in the Vernacular, be sold for 3 annas per sheet.

³ The duty of examining copies should, as a rule, be entrusted to the Comparing or Examining Clerks, or if there are none in the office, to the Head Clerk or Shroff, &c. The copyists must not be allowed to examine for each other. Uncertified copies should only be marked as "examined" and initialed by the Examiner.

The words

Certified to be a true copy

authorised under Section 76, Act I of 1872.

may be impressed by means of a stamp.

(f) One-third of the charge of 3 annas per folio, levied by means of the impressed stamp, represents the payment to Government on account of the salary of Examiners, cost of paper, &c., the remaining two-thirds will represent the earnings of the Section-writers, whose accounts will be made up monthly, and the amount due to each paid out of contingencies.¹ These payments must be checked at the time with the upper part of each stamp, which, when the copy is ready, must be torn off each sheet, along the perforated line, and then endorsed with the copyist's name, and kept till the end of the month. Care must be taken to see that nothing in excess of two-thirds of the amount realized in stamps is paid away.

(g) To prevent the risk of stamped slips being used more than once, the Officer passing the copyist's account will, after checking it as directed, tear the slips to pieces and cause them to be burnt in his presence. A certificate that this has been done must be attached to the contingent bill on which the copyists' fees are drawn.

(h) To protect the interests of the Government, care must be taken to see that all copies issued from the Courts are prepared on the prescribed stamp paper; they must be written on one side of the sheet only, and must not contain more than the authorised number of words. On the other hand, care must be taken to see that applicants are not imposed upon by the copyists spreading their writing over a larger number of sheets than is necessary. By insisting on the number of lines in each sheet being uniform, control may easily be exercised in this matter, the number of words in a few of the lines in each folio being checked. The business of a copyist is (like most other occupations) one calling for skill and greatly dependent for its successful practice on experience; copyists, therefore, must possess or acquire skill in their business, or they ought not to be retained. Copyists who fail to do their work satisfactorily must be removed.

(i) When an applicant requires his copies to be furnished on the day of application, an extra fee of one rupee (or, if the copies exceed four folios, of 4 annas for each folio)² shall be charged on all copies so furnished, to be levied from him by a Court-fee stamp, which should be affixed to the application for the copy and be entered in the Register for Court-fee stamps. Care, however, is to be taken that other applicants for copies do not materially suffer by the arrangement. If the granting of other copies be much delayed by this rule, an extra hand ought to be told off to furnish their copies.

(j) Under ordinary circumstances, the time for furnishing the copies required shall not be later than 1 P.M. of the fifth open day after the presentation of the application.

(k) When a copy of a judgment, sentence or order is granted, the following particulars must invariably be recorded on the back of the copy itself, and in the form³ given below for the information of the Appellate Court (Section 12, Act XV of 1877).

Date of application for the copy

Date of delivery of the requisite stamped sheets

Date on which the copy was ready for delivery⁴

Date of making over the copy to the applicant

(l) In the case of certified copies, the Court-fee chargeable under the Court-fees Act should be levied by affixing the necessary stamp to the first folio of the copy.

(m) In the case of maps and plans, no general rule can be laid down. In each case a charge will have to be fixed with reference to the difficulty or intricacy of the work to be done. Half will be paid to the copyist, and half credited to Government on account of examination fees and cost of materials.⁵

Circular Order No. 35, dated the 1st October 1880.

General Letter No. 4, dated the 4th March 1881.

¹ The copyist is paid by the folio; he would get his pay according to the number of folios copied, whether the copies are subsequently taken out or not.—(H. C. No. 216, 1880.)

² This is a fee for credit to Government, and no part of it is payable to the copyists. Expedition fees should be shown in column 5 of Annual Statement I, Part IV.

³ This form is printed on the reverse of the stamped sheets now in use for copies.

⁴ Compare I.L.R. 293, which is to be strictly followed.—(H. C. 176, 1881.)

⁵ In Criminal cases parties are entitled to obtain copies, certified or uncertified, of any portion of the record of trial; this ruling covers such Police-papers as may be made use of as evidence at the trial. As regards other Police-papers, the High Court can pass no orders.—(H. C. 1972, 1880, and 1652, 1882.)

Complainants must pay copying fees whenever they want copies. But an accused is, under Section 371 of Act X of 1882, entitled, in cases other than summons cases, to a copy of the judgment absolutely free of charge and on plain paper.—(H. C. Proceedings, May 1881.)

As a general rule, copies of exhibits in a Criminal case should certainly not be granted to persons who are strangers to the case. A Magistrate should use his discretion in each case, acting on the general principle that no copies should be given to a stranger without very good cause being shown.—(H. C. 82, 1882.)

CIVIL.

No. 2, dated the 24th January 1890.

For Rule 41, Clauses (a), (b), (c), (cc), (ccc), (d), (e), (f), (g), (h), (hh), (i), (j), and foot-notes, Chapter V, pages 291 to 294, Civil Rules and Orders, substitute the following:—

41.¹ [*Charges for Copies*—C. O. No. 2 of 24th January 1890.]—(a). In all Civil Courts, a uniform charge shall be made for the preparation of copies, whether certified or uncertified, at the rate of three annas per folio. This term, it is to be carefully explained to all subordinate officers, merely denominates a certain quantity of manuscript; the folio to consist of 150 words English, or of 300 words Vernacular, four figures counting = one word.

(b) This charge shall be levied by means of an impressed stamp of 3 annas² on each sheet of paper corresponding with the folio to be provided by the applicant for a copy. Each of these sheets shall contain a folio—that is, 150 words English or 300 words Vernacular. As there are 25 lines in each sheet, no line shall contain more than six words English or twelve words Vernacular.

(c) All copies, whether certified or uncertified, must, before issue, be examined by a salaried officer.³ The copies themselves will, in all cases, be made by Section-writers, who will be remunerated at the rate of 2 annas per folio.

(d) Uncertified copies may be converted into certified copies upon the application of the person to whom they have been granted, and upon his filing with such application the necessary 8-anna Court-fee stamps required by law.

(e) Certified copies must be “certified to be a true copy,” must bear the seal of the Court, and must be signed in full, if not by the Presiding Officer, then by the officer herein-after named, viz.—

at the Head-quarters of a District—

in the case of copies of—

Judicial documents not being Wills,—by the Sheristadar;

in the case of copies of—

Other documents including copies of Wills,—by the Head Clerk.

In Courts of Small Causes constituted under Act IX of 1887—

All certified copies,—by the Head Clerk;

in other Courts at out-stations—

All certified copies,—by the Sheristadar.

In every case the certifying Officer will append to his signature the words “authorized under Section 76, Act I of 1872.”

The words

Certified to be a true copy

authorized under Section 76, Act I of 1872.

may be impressed by means of a stamp.

(f) One-third of the charge of 3 annas per folio, levied by means of the impressed stamp, represents the payment to Government, on account of the salary of Examiners, cost of paper, &c.; the remaining two-thirds will represent the earnings of the Section-writers, whose accounts will be made up monthly, and the amount due to each paid out of contingencies.⁴ These payments must be checked at the time with the upper part of each stamp, which, when the copy is ready, must be torn off each sheet, along the perforated line, and then endorsed with the copyist's name, and kept till the end of the month. Care must be taken to see that nothing in excess of two-thirds of the amount realized in stamps is paid away.

(g) To prevent the risk of stamped slips being used more than once, the officer passing a copyist's account will, after checking it as directed, tear the slips to pieces and cause them to be burnt in his presence. A certificate that this has been done must be attached to the contingent bill on which the copyists' fees are drawn.

¹ These Rules take effect from the 1st April 1890.

² The such stamps are available; the sheets now in use for copies, each bearing an impressed (non-judicial) stamp of 4 annas, will, after they have been overprinted with the words “3 annas” in English and in the Vernacular, be sold for 3 annas per sheet.

³ The duty of examining copies should, as a rule, be entrusted to the Comparing & Examining clerks, or if there are none in the office, to the Head Clerk or Sheristadar. The copyists must not be allowed to examine for each other.

Uncertified copies should only be marked as “examined” and initialed by the Examiner.

⁴ The copyist is paid by the folio; he would get his pay according to the number of folios copied, whether the copies are subsequently taken out or not [H. C. No. 2168 (Criminal), 1891.]

(h) To protect the interests of the Government, care must be taken to see that all copies issued from the Courts are prepared on the prescribed stamp paper; they must be written on one side of the sheet only, and must not contain more than the authorized number of words. On the other hand, care must be taken to see that applicants are not imposed upon by the copyists spreading their writing over a larger number of sheets than is necessary. By insisting on the number of lines in each sheet being uniform, control may easily be exercised in this matter, the number of words in a few of the lines in each folio being checked. The business of a copyist is (like most other occupations) one calling for skill, and greatly dependent for its successful practice on experience; copyists, therefore, must possess or acquire skill in their business, or they ought not to be retained. Copyists who fail to do their work satisfactorily must be removed.

(i) When an applicant requires his copies to be furnished on the day of application, an extra fee of one rupee (or, if the copies exceed four folios, of 4 annas for each folio) shall be charged on all copies so furnished, to be levied from him by a Court-fee stamp, which should be affixed to the application for the copy, and be entered in the Register for Court-fee stamps. Care, however, is to be taken that other applicants for copies do not materially suffer by the arrangement. If the granting of other copies be much delayed by this rule, an extra hand ought to be told off to furnish the copies urgently required.

(j) Under ordinary circumstances, the time for furnishing the copies required shall not be later than 1 p. m. of the fifth open day after the presentation of the application.

(k) When a copy of a decree, judgment or order is granted, the following particulars must invariably be recorded on the back of the copy itself, and in the forms given below, for the information of the Appellate Court (Section 12, Act XV of 1877):—

Date of application for the copy
Date of delivery of the requisite stamped sheets
Date on which the copy was ready for delivery
Date of making over the copy to applicant

(l) In the case of certified copies, the Court-fee chargeable under the Court-fees Act should be levied by affixing the necessary stamp to the first folio of the copy.

(m) In the case of maps and plans, no general rule can be laid down. In each case a charge will have to be fixed with reference to the difficulty or intricacy of the work to be done. Half will be paid to the copyists, and half credited to Government on account of examination fees and cost of materials.
